HIGHLIGHTS

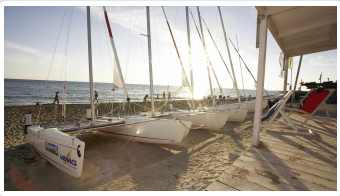

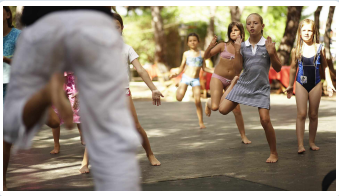

- Family focused — Here everything revolves around the children and their parents. The creative, sporting and playful activities of the children are clearly the central focus. The parents know that their children are in good hands and well looked after by our qualified children ROBINS. The child care takes place at times already from 0 years. This allows parents to pursue their own individual interests in a relaxed or active manner. Nevertheless, parents and children also have plenty of room to spend time together and experience little connecting adventures.
